XS	Ø 33 x 525
S	Ø 33 x 1025
M	Ø 33 x 1525

## All About The Display.

The **TWIN STICK** is called a twin, but it's just one tube. It gets its name from engineered twin LED light sources. It provides no shadowing and gives a cleaner 360° light output. Yes, the **TWIN STICK** is an incredibly versatile linear lighting solution (good ol 'solution') and can be dimmable.

Suspended horizontally, vertically or at any angle, as well as surface mounted. Now, all together – ciao, sayonara, au revoir, bon voyage shadows.

**TWIN STICK**  
HORIZONTAL SUSPENDED
