

# MEENY ADJUSTABLE RECESSED

INDOOR / DOWNLIGHT

ambience

MAKING LIGHT WORK

## PHYSICAL

|                     |  |
|---------------------|--|
| Installation Method | Adjustable Recessed                    |
| Cutout Size (mm)    | Ø75mm                                  |
| Accessories         | Without Accessory                      |
| IP Rating           | IP20                                   |
| Finish              | Textured White, Textured Black, Custom |
| Rotate Angle        | 360°                                   |
| Tilt Angle          | 25°                                    |

## ELECTRICAL

|                 |   |
|-----------------|---|
| Wattage         | 8W, 10W   |
| Forward Current | 180mA, 250mA                                      |
| Voltage         | 240V  |
| Dimming Control | 1-10V Dimmable, DALI Dimmable, Phase-Cut Dimmable |
